"Flu" Five Times Deadlier Than World War.

LONDON, Dec. 18.—Canadian Press, via Reuters's.—The Times medical correspondent says that it seems reasonable to believe that about 6,000,000 persons perished from influenza pneumonia during the year 12 weeks. It has been estimated that the war cost the death of 20,000,000 persons in four and a half years. Thus the correspondent points out, influenza has proved itself five times deadlier than war, perhaps, in the same
